Introduction

Demography of geriatric population in Egypt are 8.9% of the total population in 2016 aged 60 and over representing. The expected percentage of older people may reach 10.9% in 2026. Rate of illiteracy in geriatric population are 81% in females and 64% in males in 2006. Most of males and females are widows. Also, most of them suffering from chronic diseases and need special care.

Health services provided to the elderly in Egypt

1) Governmental sector :

2) Nongovernmental sector (NGOs):

Provide primary health care medicine and raise public awareness and public health care as religious organizations

3) Private sector:

Private or involuntary health insurance is small. Many companies make their own arrangements to provide medical care to their employees

Governmental sector include:

A- Ministry of health hospitals

B- Teaching hospitals and institutes organizations (THIO)

C- Health insurance organization (HIO) provides insurance to workers in the formal sector

D-University hospitals

E- Ministry of interior provides free health and medical care for police and prisoners.

F- Ministry of defense.

G-Ministry of transport provides services for railway employees.

Geriatric care physicians in Egypt

Geriatricians: Postgraduate studies carrying a valid certificate/degree in Geriatric Medicine.

Family Medicine and Internal Medicine

Practitioners: Carrying a Continuous medical education (CME) credit in Geriatrics.

General Practitioners

Geriatric Education Approaches in Egypt:

I - Geriatric education: Started in 1988, at the post graduate level as master degree and a doctorate degree in geriatric medicine.

II - Geriatric nursing education: In many universities, there is a module in geriatrics nursing both at the undergraduate level as well as postgraduate.

III- Higher Institutes for public health.

IV- Geriatric Physical therapy education:

V- Faculty of Social service and faculty of Art (department of psychology)

Services provided by Ministry of Social Solidarity:

1. Elderly homes

2. Elderly clubs

3. Physiotherapy unit:

4. Elderly service offices: It involves social care, home cooked meal, domestic help to the elderly within their families.

5. Elderly sitter program: Ministry of social solidarity conducts training courses to the elderly sitter via as family support association, Egyptian Red Crescent association (technical and financial support for these services).

Some important services provided by the government

- 1-Social security programs for the senior citizens.
- 2-Advance payment of pensions
- 3-Home delivery of pension if the pensioner is 70 years old or more, if he/she is totally or partly handicapped.
- 4-Aids and loans through Nasser Bank: the bank achieves this goal by offering financial aid and by providing loans without interest, to persons who wish to set up small productive projects, and to those who encounter social and/ or economic difficulties.
- 5-Reduction in transportation Pensioners are entitled to submit a request to the national organization of insurance and pension for a railway travel permit.

Advertising Services available for elderly:

1- TV programs:

2- Radio elderly:

3- Newspaper for elderly:
